## **ANGELINK CROWDFUNDING PROVIDES IMMEDIATE RESOURCE FOR REBUILDING FROM HURRICANE IAN'S DAMAGE**

***Naples-Headquartered Company Has Started Hurricane Ian Relief Fund to Help Local Families, Friends, Neighborhoods, and Cities***

**NAPLES, FL. (Sept. 30, 2022)** - [AngeLink](http://AngeLink.com) has started [HURRICANE IAN RELIEF FUND](#) crowdfunding to immediately help the thousands of people impacted by the devastating storm. AngeLink is a female-powered social crowdfunding platform developed to serve a global community for women seeking trusted fundraising.

**WHAT:** The [HURRICANE IAN RELIEF FUND](#) is accessible now for local Floridians who are experiencing damage to homes and property, have food and health needs, and otherwise need financial assistance resulting from this tremendously powerful storm. As the storm expands, so can access to the AngeLink crowdfunding across all other states impacted by the hurricane.

**WHY:** While we wait for local and state funds, local Floridians – especially in the Tampa, Naples, Fort Myers area – can immediately take control through contributions for more

immediate support or to provide gap funding until state and federal funds can be disbursed. The sooner the funds can be deployed, the sooner we can build back.

Destruction to personal property and costs related to injury or death may not be covered by insurance and AngeLink is providing this crowdfunding resource to help families, friends, neighborhoods, and cities. AngeLink is headquartered in Naples and understands this difficult reality firsthand with staff affected directly.

**WHERE:** Go to [HURRICANE IAN RELIEF FUND](#) to help yourself, your friends, and your neighbors. Alternately, you can start your own campaign and we will help you reach out to your community, friends, and family for as much support as possible.

AngeLink employs a process to ensure the security and trust of all users -- individuals and communities -- with no platform fee. It's important that those seeking support have the confidence that a resource is trusted. Historically, opportunists emerge at times of disaster who are irresponsible with managing aid; we vet our users and ensure a safe and secure process for relief funds. We were founded with the goal of providing support and solutions for catastrophic events such as Hurricane Ian.

"We encourage individuals, families, companies – even visitors to Florida – to access this tool for rebuilding and potentially saving lives," said AngeLink Founder and CEO Gerry Poirier. "We literally do feel your pain as we are in the very center of this storm. We are powered by strong women who care for all. AngeLink is Fundraising with Love."

### **About AngeLink.**

Headquartered in Naples, Florida, [AngeLink](#) was founded by Gerry Poirier, a 25-year finance executive, to provide a solution for gender-based economic disparity by reimagining crowdfunding for local, global, personal, and professional campaigns. Backed by eight pending-patents and currently increasing users at an annual compound growth rate of 600%, AngeLink's technology is designed to accelerate the speed and success of fundraising for individuals and communities to support healthcare, emergencies, natural disasters, small businesses, and charities. With an innovative and trusted platform powered by women, AngeLink is democratizing social crowdfunding through technology.
