# ACF Powerful Impact in 2024

The AngeLink Community Foundation (ACF) is an independent IRS-registered 501(c)(3) public charity, Federal Tax ID: 85-2671534 that supports and empowers women and underserved communities. Through the kindness of our giving community, we provide grants to donor recommended charities and direct impact grants to individuals in need, to create the world's largest digital donor community.

## 3 Pillars of Giving

In 2024, the AngeLink Community Foundation Board voted to streamline unrestricted donations to support three core areas of focus:

### 1. Emergencies

During an emergency, there's no better place to turn than AngeLink to raise money or give money to support those in need. Whether it's a personal tragedy or a natural disaster, such as a hurricane, tornado or flood...or even an unexpected financial emergency, ACF is here to help.

### 2. Education

We believe that every woman, regardless of age, deserves the opportunity to enhance her education and professional skills to achieve greater success in life. Whether pursuing a professional certification, a training program, or a college or graduate degree, the AngeLink Community Foundation is here to help by offering matching funds support.

### 3. Entrepreneurship

The AngeLink Community Foundation is committed to helping women business owners and entrepreneurs thrive by facilitating access to capital and mentorship. ACF periodically distributes grants to women with powerful ideas for businesses, organizations and charities.

## Our Values

ACF treats everyone with respect and compassion regardless of ethnicity, race, national origin, religion, beliefs, gender identity, sexual orientation, disability or age. We act in an ethical, responsible manner and model trustworthiness and integrity in everything we do.

## 2024 Partnership Highlight: Angels of Hope Program

This year, ACF was pleased to partner with the Association of Women Business Centers (AWBC) to launch a program to drive economic equality and democratize access to funding for women business owners. By building programs to support women and helping diverse groups advance, our entire community benefits socially and economically.

AWBC provides unique mentorship programs that incorporate comprehensive small business training, pitch preparation and capital formation strategies. By joining forces and investing in female entrepreneurs, we can foster innovation, seize new market opportunities, drive social impact and ignite significant long-term benefits.

### Fundraiser: Angels of Hope Women Entrepreneurship Program

Join us in supporting women entrepreneurs. Together we can fund programs to provide essential skills training to foster new business from the ground up. AWBC coursework includes business planning, financial modeling, accounting principles, marketing, technology, and sales development for women entrepreneurs to launch and grow a small business.

### Become an ACF Partner

Join us with a corporate gift, dollar match or sign up to fund a project. You can also encourage your team to support an important ACF cause or a community program near you.
